Keyword index

Acarapis woodi

Apis mellifera / diagnosis / guanine, 3
mite prevalence / acaricide treatment / Spain, 149

acaride resistance

Apis mellifera / *Varroa jacobsoni* / fluvalinate susceptibility / resistance survey / France, 375

acaricide treatment

Acarapis woodi / mite prevalence / Spain, 149

Africa

honeybee / population genetics / morphometrics / variance / phenology, 243

Africanized bee

Apis mellifera / *Kallstroemia* / pollination efficiency / *Trigona* / tropical dry forest, 11

Africanized honey bee

esterases / genetic characterization / tissue expression / development expression, 259
stingless bees / Brazilian Atlantic rain forest / pollen analysis / resource exploitation / trophic niche overlap, 339

Andrena scotica

communal bee / infection / *Microspora* / microsporidium, 129

antibacterial activity

propolis / resin / *Apis mellifera* / quality control / *Staphylococcus aureus* / *Bacillus cereus* / *Bacillus subtilis*, 71

Apis cerana

Apis mellifera / *Apis nigrocincta* / *Varroa underwoodi* / geographical distribution, 143
Apis nigrocincta / morphometrics / Southeast Asia / honey bees, 309

Apis koschevnikovi

honeybee body color / color differences in castes, 275

Apis mellifera

Acarapis woodi / diagnosis / guanine, 3
Africanized bee / *Kallstroemia* / pollination efficiency / *Trigona* / tropical dry forest, 11
Apis cerana / *Apis nigrocincta* / *Varroa underwoodi* / geographical distribution, 143
Ascosphaera / chalkbrood / *Penicillia*, 329
associated microflora / *Bifidobacterium* / veterinary drugs, 357
Cynodon dactylon / pollen plant / pollen foraging / mortality, 57

dancing / season and daytime / thermoregulation / thermography, 385

drone / body size / reproductive success / offspring analysis, 449

Eucalyptus / modified stomata / nectar carbohydrate / nectary surface, 27

Galleria mellonella / neutral sterols / cholesterol / chemical control / parasite, 85

lactate dehydrogenase / isoenzymes / ontogenesis, 17

morphometry / microtaxonomy / subspecies, 295

oxalic acid / varroosis / honey / residues, 461

pesticides / spraying / exposure, 439

population genetics / morphometrics / variance / phenology / Africa, 243

propolis / resin / quality control / antibacterial activity / *Staphylococcus aureus* / *Bacillus cereus* / *Bacillus subtilis*, 71

PTTH / insect neuropeptide / copora allata / insect metamorphosis, 399

synergism / fluvalinate / insecticide / toxicity, 123

Varroa jacobsoni / acaride resistance / fluvalinate susceptibility / resistance survey / France, 375

Varroa jacobsoni / damaged mites / resistance, 427

Varroa jacobsoni / mite drop / mortality, 367

Apis mellifera anatoliaca

Turkey / mitochondrial DNA / restriction site / *Apis mellifera caucasica*, 269

Apis mellifera carnica

drone flight activity / juvenile hormone / flight stimulus / premature flight attempts, 77

Apis mellifera caucasica

Turkey / mitochondrial DNA / restriction site / *Apis mellifera anatoliaca*, 269

Apis mellifera ligustica

Varroa jacobsoni / dispersion index / spatial distribution / sequential sampling / sealed worker brood, 63

Apis mellifera ruttneri

taxonomy / subspecies / Malta / evolution, 287

Apis nigrocincta

Apis cerana / morphometrics / Southeast Asia / honey bees, 309

- Apis mellifera* / *Apis cerana* / *Varroa underwoodi* / geographical distribution, 143

- exposure**
Apis mellifera / pesticides / spraying, 439

flight stimulus

Apis mellifera carnica / drone flight activity / juvenile hormone / premature flight attempts, 77

flower longevity

Vicia faba / carbon dioxide / climate change / nectar, 43

fluvalinate

honey bee / synergism / insecticide / toxicity, 123

persistence / plastic strips / Apistan / chemical control / varroosis / sealed worker brood, 91

fluvalinate susceptibility

Apis mellifera / *Varroa jacobsoni* / acaricide resistance / resistance survey / France, 375

France

Apis mellifera / *Varroa jacobsoni* / acaricide resistance / fluvalinate susceptibility / resistance survey, 375

Galleria mellonella

neutral sterols / cholesterol / chemical control / parasite / *Apis mellifera*, 85

genetic characterization

esterases / Africanized honeybees / tissue expression / development expression, 259

geographical distribution

Apis mellifera / *Apis cerana* / *Apis nigrocincta* / *Varroa underwoodi*, 143

guanine

Apis mellifera / *Acarapis woodi* / diagnosis, 3

Halictinae

Augochlorini / bee fossil / paleontology / systematics, 97

honey

oxalic acid / varroosis / honeybee / residues, 461

honeybee body color

Apis koschevnikovi / color differences in castes, 275

infection

Andrena scotica / communal bee / Microspora / microsporidium, 129

infection level

Nosema apis / *Varroa jacobsoni* / Spain, 105

insect metamorphosis

PTTH / insect neuropeptide / copora allata / *Apis mellifera*, 399

insect neuropeptide

PTTH / copora allata / insect metamorphosis / *Apis mellifera*, 399

insecticide

honey bee / synergism / fluvalinate / toxicity, 123

isoenzymes

Apis mellifera / lactate dehydrogenase / ontogenesis, 17

juvenile hormone

Apis mellifera carnica / drone flight activity / flight stimulus / premature flight attempts, 77

Kallstroemia

Africanized bee / *Apis mellifera* / pollination efficiency / *Trigona* / tropical dry forest, 11

lactate dehydrogenase

Apis mellifera / isoenzymes / ontogenesis, 17

larval food

dwarf gynes / reproductive strategies / stingless bees / Trigonini / *Nannotrigona testaceicornis*, 113

Malta

Apis mellifera ruttneri / taxonomy / subspecies / evolution, 287

Microspora

Andrena scotica / communal bee / infection / microsporidium, 129

microsporidium

Andrena scotica / communal bee / infection / Microspora, 129

microtaxonomy

Apis mellifera / morphometry / subspecies, 295

mite drop

Apis mellifera / *Varroa jacobsoni* / mortality, 367

mite prevalence

Acarapis woodi / acaricide treatment / Spain, 149

mitochondrial DNA

Turkey / restriction site / *Apis mellifera anatoliaca* / *Apis mellifera caucasica*, 269

modified stomata

Eucalyptus / honeybee / nectar carbohydrate / nectar surface, 27

morphometrics

Apis cerana / *Apis nigrocincta* / Southeast Asia / honey bees, 309

honeybee / population genetics / variance / phenology / Africa, 243

Apis mellifera / microtaxonomy / subspecies, 295

mortality

Apis mellifera / *Varroa jacobsoni* / mite drop, 367

Cynodon dactylon / pollen plant / *Apis mellifera* / pollen foraging, 57

Nannotrigona testaceicornis

dwarf gynes / larval food / reproductive strategies / stingless bees / Trigonini, 113

nectar

Vicia faba / carbon dioxide / climate change / flower longevity, 43

nectar carbohydrate

Eucalyptus / honeybee / modified stomata / nectary surface, 27

nectary surface

Eucalyptus / honeybee / modified stomata / nectar carbohydrate, 27

neutral sterols

Galleria mellonella / cholesterol / chemical control / parasite / *Apis mellifera*, 85

Nosema apis

infection level / *Varroa jacobsoni* / Spain, 105

offspring analysis

Apis mellifera / drone / body size / reproductive success, 449

ontogenesis

Apis mellifera / lactate dehydrogenase / isoenzymes, 17

oxalic acid

varroosis / honeybee / honey / residues, 461

paleontology

Augochlorini / bee fossil / Halictinae / systematics, 97

parasite

Galleria mellonella / neutral sterols / cholesterol / chemical control / *Apis mellifera*, 85

Penicillia

Ascosphaera / chalkbrood / honey bee, 329

persistence

fluvalinate / plastic strips / Apistan / chemical control / varroosis / sealed worker brood, 91

pesticides

Apis mellifera / spraying / exposure, 439

phenology

honeybee / population genetics / morphometrics / variance / Africa, 243

plastic strips

fluvalinate / persistence / Apistan / chemical control / varroosis / sealed worker brood, 91

pollen analysis

stingless bees / Africanized honey bee / Brazilian Atlantic rain forest / resource exploitation / trophic niche overlap, 339

pollen foraging

Cynodon dactylon / pollen plant / *Apis mellifera* / mortality, 57

pollen plant

Cynodon dactylon / *Apis mellifera* / pollen foraging / mortality, 57

pollination efficiency

Africanized bee / *Apis mellifera* / *Kallstroemia* / *Trigona* / tropical dry forest, 11

population genetics

honeybee / morphometrics / variance / phenology / Africa, 243

premature flight attempts

Apis mellifera carnica / drone flight activity / juvenile hormone / flight stimulus, 77

propolis

resin / *Apis mellifera* / quality control / antibacterial activity / *Staphylococcus aureus* / *Bacillus cereus* / *Bacillus subtilis*, 71

PTTH

insect neuropeptide / copora allata / insect metamorphosis / *Apis mellifera*, 399

quality control

propolis / resin / *Apis mellifera* / antibacterial activity / *Staphylococcus aureus* / *Bacillus cereus* / *Bacillus subtilis*, 71

reproductive strategies

dwarf gynes / larval food / stingless bees / Trigonini / *Nannotrigona testaceicornis*, 113

reproductive success

Apis mellifera / drone / body size / offspring analysis, 449

residues

oxalic acid / varroosis / honeybee / honey, 461

resin

propolis / *Apis mellifera* / quality control / antibacterial activity / *Staphylococcus aureus* / *Bacillus cereus* / *Bacillus subtilis*, 71

resistance

Varroa jacobsoni / *Apis mellifera* / damaged mites, 427

resistance survey

Apis mellifera / *Varroa jacobsoni* / acaricide resistance / fluvalinate susceptibility / France, 375

resource exploitation

stingless bees / Africanized honey bee / Brazilian Atlantic rain forest / pollen analysis / trophic niche overlap, 339

restriction site

Turkey / mitochondrial DNA / *Apis mellifera anatoliaca* / *Apis mellifera caucasica*, 269

sealed worker brood

fluvalinate / persistence / plastic strips / Apistan / chemical control / varroosis, 91

Varroa jacobsoni / dispersion index / spatial distribution / sequential sampling / *Apis mellifera ligustica*, 63

season and daytime

honeybee / dancing / thermoregulation / thermography, 385

sequential sampling

Varroa jacobsoni / dispersion index / spatial distribution / sealed worker brood / *Apis mellifera ligustica*, 63

social behaviour

division of labour / weather / day and night, 411

Southeast Asia

Apis cerana / *Apis nigrocincta* / morphometrics / honey bees, 309

Spain

Acarapis woodi / mite prevalence / acaricide treatment, 149

Nosema apis / infection level / *Varroa jacobsoni*, 105

spatial distribution

Varroa jacobsoni / dispersion index / sequential sampling / sealed worker brood / *Apis mellifera ligustica* Spin, 63

spraying

Apis mellifera / pesticides / exposure, 439

Staphylococcus aureus

propolis / resin / *Apis mellifera* / quality control / antibacterial activity / *Bacillus cereus* / *Bacillus subtilis*, 71

stingless bees

Africanized honey bee / Brazilian Atlantic rain forest / pollen analysis / resource exploitation / trophic niche overlap, 339

dwarf gynes / larval food / reproductive strategies / Trigonini / *Nannotrigona testaceicornis*, 113

subspecies

Apis mellifera / morphometry / microtaxonomy, 295

Apis mellifera ruttneri / taxonomy / Malta / evolution, 287

synergism

honey bee / fluvalinate / insecticide / toxicity, 123

taxonomy

Apis mellifera ruttneri / subspecies / Malta / evolution, 287

Augochlorini / bee fossil / Halictinae / paleontology, 97

thermography

honeybee / dancing / season and daytime / thermoregulation, 385

thermoregulation

honeybee / dancing / season and daytime / thermography, 385

tissue expression

esterases / Africanized honeybees / genetic characterization / development expression, 259

toxicity

honey bee / synergism / fluvalinate / insecticide, 123

Trigona

Africanized bee / *Apis mellifera* / *Kallstroemia* / pollination efficiency / tropical dry forest, 11

Trigonini

dwarf gynes / larval food / reproductive strategies / stingless bees / *Nannotrigona testaceicornis*, 113

trophic niche overlap

stingless bees / Africanized honey bee / Brazilian Atlantic rain forest / pollen analysis / resource exploitation, 339

tropical dry forest

Africanized bee / *Apis mellifera* / *Kallstroemia* / pollination efficiency / *Trigona*, 11

Turkey

mitochondrial DNA / restriction site / *Apis mellifera anatoliaca* / *Apis mellifera caucasica*, 269

variance

honeybee / population genetics / morphometrics / phenology / Africa, 243

Varroa jacobsoni

Apis mellifera / acaricide resistance / fluvalinate susceptibility / resistance survey / France, 375

Apis mellifera / damaged mites / resistance, 427

Apis mellifera / mite drop / mortality, 367
dispersion index / spatial distribution / sequential sampling / sealed worker brood / *Apis mellifera ligustica* Spin, 63

Nosema apis / infection level / Spain, 105

Varroa underwoodi

Apis mellifera / *Apis cerana* / *Apis nigrocincta* / geographical distribution, 143

varroosis

fluvalinate / persistence / plastic strips / Apistan / chemical control / sealed worker brood, 91
oxalic acid / honeybee / honey / residues, 461

veterinary drugs

Apis mellifera / associated microflora / *Bifidobacterium*, 357

Vicia faba

carbon dioxide / climate change / nectar / flower longevity, 43

weather

social behaviour / division of labour / day and night, 411
